## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-23, 46-51 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowability of claims 1-23, 46-51 is the inclusion therein, in combination of the limitation of a support member disposed on the semi-conductor chip to surround said lead member, wherein said support member contacts said external electrode at least upon application of an external thrust force which deforms said lead member. This limitation is found in claims 1-23, 46-51 and is neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Response to Arguments***

3. Applicant's arguments along with amendments filed 11/25/03 have been fully considered and the examiner finds the argument persuasive. The applicant has argued that Houtz does not teach, disclose or render obvious the subject matter of a support member disposed on the semi-conductor chip to surround said lead member, wherein said support member contacts said external electrode at least upon application of an external thrust force which deforms said lead member.
